INNOVATION

## Global Conglomerate

The Chevalier Group was founded in 1970 by the late Dr Chow Yei Ching, and its group holding company, Chevalier International Holdings Limited, is listed on the Stock Exchange of Hong Kong. From a 10-person company, the Group has developed into a diversified global conglomerate. Members of the Chevalier Group have around 8,000 full time employees globally, and our operations span across Hong Kong, Macau, Mainland China, Singapore, Thailand, Vietnam, Australia, Canada, USA and the UK.

## Competitive Edge with Diverse Portfolio

The Group's diverse business portfolio includes Construction and Engineering, Property Investment, Property Development and Operations, Healthcare Investment and Car Dealership. Our Construction and Engineering team is a seasoned industry expert providing one-stop service for all kinds of construction and engineering projects. This business diversification has created a competitive edge for the Group, and we ensure sustainability of our business through nurturing our talents, investing in technology and upholding our steadfast commitment to corporate governance standards and sustainable business practices in an ever-changing environment.

## Committed to be the Most Trusted Business Partner

The Chevalier Group's remarkable success stems from its values: Striving for excellence, Upholding integrity, Caring for our people, Promoting sustainable innovation and Maintaining business diversity. We strive to help build and upkeep the community and to provide a quality living environment through a range of comprehensive quality, efficient and high value-added products and services for the varied needs and interests of our diverse customers and be their most trusted business partner in building together a brighter and sustainable future.
